The Management Council of the Ohio Education Computer Network

Seeks: Database Specialist

Effective: February 14, 2022

Application Deadline: March 4, 2022 at 4:00 pm

The Management Council of the Ohio Education Computer Network seeks an innovative and enthusiastic Database Specialist to join our team. The successful candidate will have experience with database design, implementation, monitoring, maintenance, and specific experience with SQL databases including query development, automation of data extracts and reports, investigation and support of third-party tools, and SQL Server Integration Services (SSIS packages). The candidate will provide project leadership for data driven projects through streamlining data automation, integration, transformation and validation and management of data exchange routines. The candidate will communicate with customers about data specifications and provide support during data integration processes.

Qualifications
- Two to four years of post-secondary education or four or more years equivalent experience working with and supporting technology, tools, and solutions in education or similar industry.
- Experience with major business applications such as word processing, spreadsheets, presentation tools and email.
- Proven ability to learn, understand, and apply technical subjects including new tools and emerging technology solutions.
- Experience installing and supporting enterprise applications or other large-scale platforms.
- Proven ability to learn, understand, and apply technical subjects including new tools and emerging technology solutions.
- Applicant is expected to describe, document, and demonstrate:
  - technical knowledge of SQL
  - excellent organization and time management skills
  - ability to work independently and collaboratively with team members
  - excellent writing, communication, and presentation skills

This full-time exempt position (261 Days) includes a salary commensurate with education, experience, and the successful candidate's potential for excellence. The anticipated salary range for the position is $70,000 to $90,000 per year. This will be a primarily work from home position with occasional travel throughout Ohio.

The position description is below and is available on www.mcoecn.org careers site while this opportunity is open. Interested professionals should submit a cover letter and current resume by the posting deadline to: Greg Buddelmeyer (HR@managementcouncil.org).

The Management Council reserves the right to not fill or to repost the position if a successful candidate is not found. Every consideration will be given to underrepresented and nontraditional candidates. The Management Council does not discriminate on the basis of race, color, national origin, sex, disability, age, religion, military status, ancestry, genetic information or any other legally protected category in its employment decisions.

About the Management Council and the Ohio Education Computer Network
Ohio's Information Technology Centers (ITCs) work together through a statewide network known as the Ohio Education Computer Network (OECN). The Management Council represents and supports the collaborative efforts of the OECN, which implements a broad spectrum of academic and administrative technologies across Ohio's PreK-12 education system. While the ITCs and the Management Council are the key components of the OECN, other organizations collaborate in the OECN, including the Ohio Department of Education and OARnet. Ohio district and school customers are the primary beneficiaries of the system of services and support from organizations of the OECN.
